

SIGNIFICANCE

INDICATOR

Child maltreatment is a serious problem that has grave and costly consequences for the child, his or her family and the community at-large.

A child who has experienced abuse and neglect is more likely to have social, emotional and physical health problems and perform poorly in school.

Child Abuse Reports

Reported incidents of suspected child abuse through the ChildLine and Abuse Registry. Does not include General Protective Service reports which include less severe general neglect reports.
(Number and rate per 1,000 children)

ALLEGHENY COUNTY	URBAN	STATE
1,596	12,958	25,655
5.4/1,000	7.9/1,000	8.3/1,000

Child Abuse Substantiations

Founded or indicated reports of child abuse. Does not include the number of children determined to need General Protective Services.

ALLEGHENY COUNTY	URBAN	STATE
9.1%	15.6%	16.4%

Repeated Child Abuse

Children with another substantiated incident of abuse following the first reported incident.
(data may be overstated)

ALLEGHENY COUNTY	URBAN	STATE
1 in 10	1 in 11	1 in 11

In-home services are designed to strengthen families by addressing the root causes of abuse and neglect. The provision of in-home services helps a child to remain safely in his or her home.

In-home Services

Children whose families received services in their homes to address concerns related to child safety and well-being on any given day.
(data may be understated)

ALLEGHENY COUNTY	URBAN	STATE
5,571	17,603	31,517

Foster care is meant to be a temporary intervention to assure the safety and well-being of a child. A child who spends long periods of time in foster care is more likely than other children to drop out of school, have mental health challenges, experience unemployment and be homeless as an adult.

SIGNIFICANCE

INDICATOR

A child's separation from his or her parents or relatives is traumatic for all involved. Minimizing the time a child spends in foster care without compromising safety is key to healthy child development.

Timely Reunification with Parents or Relatives

Children who entered foster care for the first time who were reunified with their parents or discharged to relatives within the next 12 months.

ALLEGHENY COUNTY	URBAN	STATE
50.6%	44.2%	48.2%

A child re-entering foster care following a return to his or her family signals a breakdown in the family and a potential failure on the part of the child welfare system to appropriately address family needs.

Re-entry into Foster Care

Children who re-entered foster care in fewer than 12 months following reunification with parents or relatives. (data may be overstated)

ALLEGHENY COUNTY	URBAN	STATE
22.5%	31.7%	27.8%

A child relies on his or her family for an array of supports from early childhood through adulthood. Without a permanent family, a child fails to have a sense of security and suffers from a lack of belonging.

Children Leaving Foster Care

Children who exited foster care by discharge reason and how long they were in foster care. Also includes the median length of stay for children remaining in foster care.

Every time a child moves the traumatic experience of separation and lack of continuity in his/her life grows. A child who experiences multiple placements while in foster care struggles to build and maintain healthy relationships and is disadvantaged academically due to repeated school changes.

Foster Care Placement Stability

Children who were in foster care for 12 to 23 months and had three or more placement settings.

ALLEGHENY COUNTY	URBAN	STATE
31.7%	32.0%	33.3%

The frequency and quality of visitation between the caseworker and a child is a key component to assuring safety, permanency planning and related service delivery.

Caseworker Visits

Children who were in foster care and visited on a monthly basis by a county or private agency child welfare worker.
